Ports, Instruments, McCartney .....	3	5	1		
Day 2, Theatres/Lab .....	8	1			

## Comments

We would appreciate any comments on what you enjoyed and areas for improvement and/or suggested changes for the course: -

*I really enjoyed the course overall, particularly interactive workshop/operating session. Suggestions for improvement – Day 1 could be started a bit earlier by 10am which would give more opportunity for practice suturing etc. Excellent course tailored to our needs. Day 2 theatres – 5++ Well balanced between workshops and hands on surgery. Friendly faculty and coordinator. Live link and videos enriched the experience.*

*Some of the tables were not ergonomically comfortable to operate on.*

*Good hands on practice, however would have been better if it's a full 2 days course.*

*Sign posts needed for Delta Centre. Car park should be offered to delegates free of charge. Otherwise it was very good, thank you.*

*Very well organised course. Very welcoming. Well catered. Lectures were very good, informative and discussions very healthy. Course dinner was very good. We were even given a lift back to hotel. Jayne was extremely welcoming and helpful. Can be frustrating if some people get more hands on than others. Delegate numbers could be limited so that each delegate gets 2 goes from the top end.*

*Day 2 – workshop – excellent training. Hands on session with Mr Amer, very good. Really happy with the course overall. Will highly recommend it.*

**THANK YOU FOR TAKING THE TIME TO COMPLETE THIS FORM**
