## Comments

We would appreciate any comments on what you enjoyed and areas for improvement and/or suggested changes for the course: -

- -Excellent course and even more so with the live operating sessions. Superior for other similar courses and stands out.
- Excellent opportunity for scrub nurses to get a detailed insight into the procedure. Also great opportunity to get hands on experience to suture & harmonic use. Thoroughly enjoyed it. Meal was excellent.
- More anatomical tissue to practice on. Staff were excellent and very welcoming and happy to teach. The course was very informative.
- It has been a very helpful session. Learnt the various suturing techniques. Feel confident now to at least try laparoscopic suturing in real life. Overall very proactive thank you.
- Excellent course, but I would like to do a bit of actual suturing as I only got to do onlyly half of vault of a patient in the end. Otherwise no issues at all. Would return again in the future.
- Course has been very helpful, as it was hands on experience. I feel that I am really benefitted from the course. I would definitely recommend my colleague on this course.

## THANK YOU FOR TAKING THE TIME TO COMPLETE THIS FORM
